REPORT ON REVIEW OF INTERIM CONDENSED CONSOLIDATED FINANCIAL INFORMATION

Introduction

We have reviewed the accompanying interim condensed consolidated statement of financial position of UniCredit Tiriac Bank S.A. (the 'Bank') and its subsidiary UniCredit Consumer Financing S.A. as of 30 June 2013 and the related condensed interim consolidated statements of comprehensive income, changes in equity and cash flows for the six month period then ended. Management of the Bank is responsible for the preparation and fair presentation of these interim condensed consolidated financial statements in accordance with IAS 34 "Interim Financial Reporting". Our responsibility is to express a conclusion on this interim condensed consolidated financial information based on our review.

Scope of Review

We conducted our review in accordance with International Standard on Review Engagements 2410 "Review of Interim Financial Information Performed by the Independent Auditor of the Entity". A review of interim financial information consists of making inquiries, primarily of persons responsible for financial and accounting matters, and applying analytical and other review procedures. A review is substantially less in scope than an audit conducted in accordance with the Standards on Auditing adopted by the Romanian Chamber of Financial Auditors and consequently does not enable us to obtain assurance that we would become aware of all significant matters that might be identified in an audit. Accordingly, we do not express an audit opinion.

Conclusion

Based on our review, nothing has come to our attention that causes us to believe that the accompanying interim condensed consolidated financial statements of the Bank are not prepared, in all material respects, in accordance with IAS 34 "Interim Financial Reporting".

Notes to the interim condensed consolidated financial statements

1. Reporting entity

The UniCredit Tiriac Group (the “Group”) consists of UniCredit Tiriac Bank S.A. (the “Bank”), and UniCredit Consumer Financing IFN S.A. (“UCFIN”).

These interim condensed consolidated financial statements as at and for the six months ended 30 June 2013 comprise the Bank and its subsidiary and the Group interest in associates.

UniCredit Tiriac Bank S.A. (the “Bank”), having its current registered office at 1F, Expozitiei Boulevard, District 1, Bucharest, Romania, was established as a Romanian commercial bank on 1 June 2007 upon the merger by acquisition of the former UniCredit Romania S.A. (the absorbed bank) by Banca Comerciala HVB Tiriac S.A. (the absorbing bank) and is licensed by the National Bank of Romania to conduct banking activities.

The Bank provides retail and commercial banking services in Romanian Lei (“RON”) and foreign currency. These include: accounts opening, domestic and international payments, foreign exchange transactions, working capital finance, medium and long term facilities, retail loans, bank guarantees, letter of credits and documentary collections.

UniCredit Tiriac Bank S.A. is controlled by UniCredit Bank Austria AG and the ultimate parent is UniCredit SpA (Italy).

UniCredit Consumer Financing IFN S.A., having its current registered office at 23-25 Ghetarilor street, 1st and 3rd floor., District 1, Bucharest, Romania, provides consumer finance loans to individual clients. The Bank has 50.1% (31 December 2012: 46.06%) controlling interest in UCFIN.

The associate company, UniCredit Leasing Corporation IFN S.A. (“UCLC”), having its current registered office at 23-25 Ghetarilor street, 1st, 2nd and 4th floor., District 1, Bucharest, Romania, provides financial lease services to corporate clients and individuals. The Bank has 20.0% (31 December 2012: 20.0%) participation in UCLC.

The Group operates at 30 June 2013 through the Head Office located in Bucharest and through its network of 188 branches and agencies (31 December 2012: 208) located in Bucharest and the country. The Group employed at 30 June 2013 a number of 3,036 people (31 December 2012: 3,036).

Notes to the interim condensed consolidated financial statements

2. Basis of preparation

a) Statement of compliance

These condensed consolidated interim financial statements have been prepared in accordance with International Financial Reporting Standards ("IFRS"), IAS 34 – *Interim Financial Reporting*.

These financial statements do not include all of the information required for full annual financial statements, and should be read in conjunction with the financial statements of the Bank as at and for the year ended 31 December 2012.

b) Functional and presentation currency

The financial statements are presented in Romanian Lei ("RON"), which is the functional and presentation currency. Except as indicated, financial information presented in RON has been rounded to the nearest unit.

The exchange rates of major foreign currencies were:

Currencies	30 June 2013	31 December 2012	change
Euro (EUR)	1: RON 4.4588	1: RON 4.4287	0.67%
US Dollar (USD)	1: RON 3.4151	1: RON 3.3575	1.71%

3. Significant accounting policies

Except as described below, the accounting policies applied by the Group in these interim condensed consolidated financial statements are the same as those applied by the Bank in its annual individual financial statements as at and for the year ended 31 December 2012.

a) Basis of consolidation

At the beginning of January 2013, the Bank acquired UCFIN 417,208 shares from UniCredit SpA resulting in the increase of its shareholding in UCFIN from 46.06% to 50.10%. Simultaneously, the Shareholders Agreement and respectively UCFIN Articles of Associations have been amended to reflect the transfer of control over UCFIN from UniCredit SpA to the Bank, including Bank's right to nominate the majority of UCFIN Supervisory Board members. As a consequence, UCFIN, previously associate entity, has become a subsidiary of the Bank. The acquisition has been accounted for using book value accounting as both entities are under common control of UniCredit SpA as ultimate parent.

The Bank applies the merger accounting prospectively, from the date when obtained the control over UCFIN, therefore the comparative figures presented in these interim condensed consolidated financial statements include only the results of the Bank, as have been disclosed in the Interim Condensed Financial Statements as of 30 June 2012.

The Group elected to measure non-controlling interest at its proportionate share of the recognised amount of the identifiable net assets at the acquisition date.

Intragroup transactions and intragroup outstanding balances are eliminated in the preparation of consolidated financial statements of the Group.

Notes to the interim condensed consolidated financial statements

3. Significant accounting policies (*continued*)

a) Basis of consolidation (*continued*)

The Bank holds a 20% investment in UniCredit Leasing Corporation IFN S.A., a company providing leasing services to local and external customers. The Bank has accounted for the Associate in accordance with IAS 28, Investments in associates.

b) Debt securities in issue

Debt securities in issue include bonds issued by the Bank and not held for trading or designated at fair value through profit or loss. Debt securities in issue are recognized when the bank becomes part of the contract.

On initial recognition debt securities are measured at fair value, including transaction cost.

Debt securities in issue are measured at amortized cost. Application of amortized costs determines that transaction cost capitalized in the initial recognition amount, premium and discount are recognized in the income statement along the life of the instrument.

c) IFRS 13 Fair Value measurement

IFRS 13 establishes a single framework for measuring fair value and making disclosures about fair value measurements, when such measurements are required or permitted by other IFRSs. In particular, it unifies the definition of fair value as the price at which an orderly transaction to sell an asset or transfer a liability would take place between market participants at the measurement date. It also replaces and expands the disclosure requirements about fair value measurements in other IFRSs, including *IFRS 7 Financial Instruments: Disclosures*. Some of these disclosures are specifically required in interim financial statements for financial instruments; accordingly, the Group has included additional disclosures in this regard.

In accordance with the transitional provisions of IFRS 13, the Group has applied the new fair value measurement guidance prospectively, and has not provided any comparative information for new disclosures. Notwithstanding the above, the change had no significant impact on the measurement of the Group's assets and liabilities.

4. Financial risk management

The Group's liquidity indicator Loans/Deposits ratio is as follows:

Ratio	30 June 2013	31 December 2012
Loans / Deposits ratio	144%	125%

There were no significant changes to financial risk management policies of the Bank as compared with those presented in the annual IFRS financial statements for the year ended 31 December 2012.

5. Use of estimates and judgments

The preparation of these interim condensed consolidated financial statements requires management to make judgments, estimates and assumptions that affect the application of accounting policies and the reported amounts of assets and liabilities, income and expenses. In preparing the interim condensed consolidated financial statements the significant judgments made by management in applying the Bank's accounting policies and the key sources of estimation uncertainty were the same as those that applied to the financial statements as at for the year ended 31 December 2012.

*** Under Basel II established default threshold.

In respect of the identification and measurement of impairment for collective assessment of Loans and advances to customers, internal models were implemented within the impairment process. As a result, for each type of exposure, loss parameters as Loss Given Default (“LGD”) and Exposure at Default (“EAD”) have been determined based on the Bank’s updated historical experience. The respective models are subject to regular revision. Moreover, the Bank disposes also of own internal models for determining Probability of Default (“PD”) on both Companies and Private Individuals borrowers. For those parts of loan portfolio where no historical data could be used for development of models in order to reach a reliable and valid model, UniCredit Bank Austria AG’s expert judgment is used.

Notes to the interim condensed consolidated financial statements

13. Loans and advances to customers (*continued*)

As part of the harmonization process within UniCredit Group for loan loss provisions methodology a new internal model for Loss Confirmation Period (“LCP”) parameter has been validated based on local historical databases and also implemented during second quarter of 2012 within the impairment process. The loss confirmation period parameter represents the risk parameter which associates the Basel II Expected Loss with the IAS 39 Impairment Loss.

Gross salaries	<u>7,990,064</u>	<u>5,036,200</u>
Total	<u>7,990,064</u>	<u>5,036,200</u>

In addition to their salaries, the Bank also provides non-cash benefits to directors and executive officers and they participate in the UniCredit Group's share option program. (Also refer to Note 9)

21. Commitments and contingencies

At any time the Bank has outstanding commitments to extend credit. These commitments take the form of approved loans and credit card limits and overdraft facilities. Outstanding loan commitments have a commitment period that does not extend beyond the normal underwriting and settlement period of one month to one year.

The Bank provides financial guarantees and letters of credit to guarantee the performance of customers to third parties. These agreements have fixed limits and generally extend for a period of up to one year. Expirations are not concentrated in any period.

The contractual amounts of commitments and contingent liabilities are set out in the following table by category. The amounts reflected in the table for commitments assume that amounts are fully advanced. The amounts reflected in the table for guarantees and letters of credit represent the maximum accounting loss that would be recognized at the balance sheet date if counterparties failed completely to perform as contracted.

<i>In RON</i>	30 June 2013	31 December 2012
Financial guarantees given	2,421,540,545	2,502,358,646

Total	<u>6,051,538,939</u>	<u>6,328,139,819</u>

The Bank acts as a security agent, payment agent and hedging agent for a series of loan contracts between UniCredit Bank Austria AG and other entities within UniCredit Group as lender and Romanian companies as borrowers. For each of these contracts there is a risk participation agreement by which the Bank takes the obligation to pay to UniCredit Bank Austria AG or to any other entities within UniCredit Group any installment that the borrowers failed to pay. The total amount of such risk participation agreements in force as at 30 June 2013 is EUR 542,507,077, USD 50,000,000 and CHF 4,425,197 (31 December 2012: EUR 558,342,907, USD 50,000,000 and CHF 4,425,197).

Notes to the interim condensed consolidated financial statements

21. Commitments and contingencies (*continued*)

The Bank concluded with UniCredit Bank Austria AG a series of novation contracts through which loan contracts initially concluded by the Bank with Romanian companies were transferred to UniCredit Bank Austria AG in exchange for full reimbursement of borrowers' due to the Bank. According to these novation contracts the Bank is still engaged as security agent and payment agent until the borrower will repay his debt. For each of these novation contracts there is a risk participation agreement by which the Bank is obliged to indemnify UniCredit Bank Austria AG.

The novation contracts concluded with UniCredit Bank Austria AG relates to one entity and their total value is EUR 37,631,522 (31 December 2012: EUR 32,972,257).

According to the contracts presented in the paragraphs above the Bank pays any amount collected from the borrowers to UniCredit Bank Austria AG.

As compensation for the financial guarantees assumed by the risk participation agreements and for providing security and payment agent services to UniCredit Bank Austria AG, the Bank receives the commissions paid by the borrowers plus a portion of the interest margin collected from the borrowers. The Bank defers the commissions collected upfront from the risk participation agreements over the time period that remains until the maturity of the facilities.

As at 30 June 2013 the Bank was involved in several litigations for which the possible total claims estimated by the Bank's lawyers amounted to RON 7,638,164 (31 December 2012: RON 4,226,428). The Bank, based upon legal advice, has assessed that a provision amounting to RON 5,516,875 as at 30 June 2013 (31 December 2012: RON 3,050,737) is necessary to be booked for these claims.

¹ Fair value of loans is determined on discounted cash flows using market interest rates and credit spreads.

² Fair value is approximated by the percentage held of net assets as of the latest financial statements available; if not available, cost is used instead while the equity method is considered to be a reasonable approximation for associates.

³ The revaluation was done accordingly with International Standards of Evaluation. The following methods were applied: income approach, cost approach and market approach

⁴ Fair value for derivatives products are based on market parameters and groups' internal models.

⁵ Fair value of bonds is determined on OTC market prices.
